PETALS
& PAWS

Welcome to 'Petals & Paws' – One of Our Most Popular Ranges!

As we step into the 2025 season, we're thrilled to bring you another edition of Petals & Paws, a collection designed to brighten your spring and summer with quality, charm, and joy.

Thanks to your continued support and our cherished local partnerships, this range has become a firm favourite. We're grateful to have you with us on this community-driven journey and can't wait for you to explore the latest selection.

Wishing you a season filled with sunshine, smiles, and special moments!

A SIMPLER WAY TO GROW FROM SEED

- ✓ Naturally protects seeds from birds, insects & slugs
- ✓ Best scattered in Spring or Autumn
- ✓ 100% Recycled cardboard
- ✓ Easy to use

GARDEN MEADOW

A beautiful mix of native wildflowers that is perfect for pollinators and the most hardy of our wildflower mixes. Each seed ball contains a mix of Common toadflax, Cornflower, Cowslip, Meadow cranesbill, Musk mallow, Oxeye daisy and Red campion, plus a sprinkling of pollinator-friendly annuals Chamomile, Cornflower, Corn marigold, and Night-flowering catchfly. Each ball contains around 50 seeds.

BEE MIX

This carefully selected wildflower mix is designed specifically to attract solitary bees, honeybees, and bumblebees. Each seed ball contains a mix of Birdsfoot Trefoil, Foxglove*, Red Clover, Viper's Bugloss and Wild Marjoram. We've also added a sprinkling of pollinator-friendly annuals Chamomile, Cornflower, Corn marigold, and Night-flowering catchfly. Each ball contains around 50 seeds. *Please note that Foxgloves are poisonous if consumed and should be kept out of reach from pets & children.

CREATE A BUZZING GARDEN

Plant seeds that support our pollinators!

BUTTERFLY MIX

This lovely collection of mostly purple, pink and blue flowers is designed to attract butterflies to our gardens, balconies and window boxes. Each seed ball contains a mix of Purple Loosestrife, Forget-me-not, Musk mallow, Red campion and Yarrow, plus a sprinkling of pollinator-friendly annuals Chamomile, Cornflower, Corn marigold, and Night-flowering catchfly. Each ball contains around 50 seeds.

RED POPPY

A tube bursting with common poppy seeds. A bright red flowering annual – this hugely popular native wildflower is fantastic for pollinators and garden birds and a stunning addition to any wildflower garden. Each ball contains around 100 seeds.

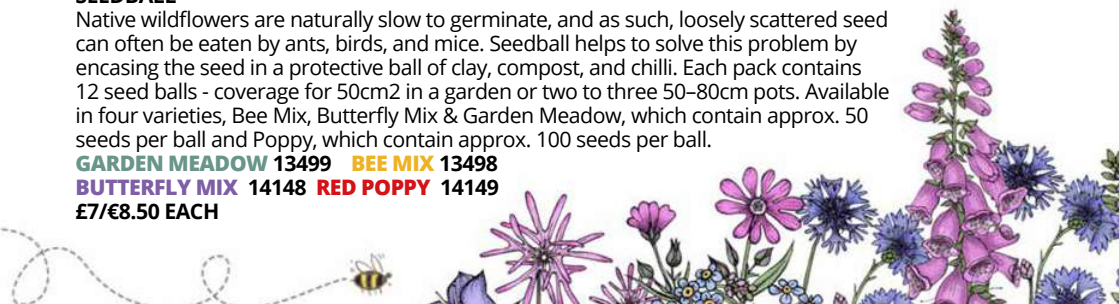

SEEDBALL

Native wildflowers are naturally slow to germinate, and as such, loosely scattered seed can often be eaten by ants, birds, and mice. Seedball helps to solve this problem by encasing the seed in a protective ball of clay, compost, and chilli. Each pack contains 12 seed balls - coverage for 50cm² in a garden or two to three 50–80cm pots. Available in four varieties, Bee Mix, Butterfly Mix & Garden Meadow, which contain approx. 50 seeds per ball and Poppy, which contain approx. 100 seeds per ball.
